About

UI/UX Design Manager with 11+ years of experience leading design initiatives across enterprise SaaS, fintech, gaming, and digital platforms. Expert in UX strategy, user research, and translating complex business requirements into intuitive, scalable product experiences. Proven ability to lead cross-functional teams, facilitate stakeholder alignment, and deliver high-quality design solutions that drive usability and business impact.

Experience

IGT

UI/UX Designer III | June 2025 - Mar 2026

- Led end-to-end UX for casino systems (Random Riches, UMS, M5, MA), delivering scalable operator interfaces
- Defined UX strategy, workflows, and interaction models for complex real-time systems
- Created high-fidelity prototypes using Figma and Axure RP 9 to communicate design intent and accelerate delivery
- Collaborated with global stakeholders and cross-functional teams to align design with product and business goals
- Presented design concepts and facilitated discussions to drive stakeholder approvals

Paramount Software Solutions

UI/UX Designer | July 2023 - April 2025

- Spearheaded UX strategy for Farm2Plate, a B2B SaaS platform, aligning user needs with business objectives
- Designed dashboards and admin tools to enhance data visibility and operational efficiency
- Conducted user research and usability testing to inform design decisions and improvements
- Led design sprints and collaborated with product, engineering, and QA teams in a SAFe Agile environment
- Delivered accessible, responsive designs aligned with WCAG standards

Birlasoft Limited

Technical Lead | Dec 2019 - Jul 2023

- Owned UX across enterprise platforms in banking, insurance, and logistics domains
- Led user research, persona creation, journey mapping, and usability testing for complex workflows
- Designed and delivered data visualization dashboards supporting business analytics
- Built and maintained design systems and UX standards across product suites
- Mentored junior designers and contributed to design reviews and best practices

Fiverr.com

Freelancer | Nov 2018 - Dec 2019

- Designed e-commerce experiences including product discovery, checkout flows, and usability improvements
- Improved user flows (checkout/search) leading to better engagement and conversion outcomes
- Conducted user testing and delivered MVPs for global clients.

63moons Technologies

Senior Software Engineer | May 2016 - Nov 2018

- Led UX for Wave 2, a mobile stock trading app, **achieving over 1M+ downloads** with a **4.2 rating**.

Capgemini

Software Engineer | Mar 2014 - Apr 2016

- Supported frontend UX implementation using HTML, CSS, JavaScript
